

■ Built-in inline air filter to extended motor life

■ Adaptor: 3/4", 2-1/4" and 4" for extended reach

■ Steel wheel hub with metal bearings

■ 1 pc heavy duty "T" handle with three locking positions; 90°, 45°, 0°

■ Welded cylinder for added strength and durability

■ Chrome plated rams to resist rust and wear

■ Built-in by-pass device to protect hydraulic system from over pumping damage

■ Built-in muffler to promote quiet operation

■ High speed turbo motor for efficient effortless operation

62220
22 Ton Capacity

■ Self-returning spring for ease of operation

Model	Capacity	Min. Height	Max Height	Hydraulic Lifting	Extension Screw	Product Size	G.W.
